- Basic Safety

### Lesson Summary

This lesson contains information about safety awareness. By completing this lesson, you should have the knowledge to differentiate between good and bad safety decisions and be aware of the implications of making a poor safety decision. To affirm your commitment to safety, complete the Commitment Certificate.

There are ten words that should be remembered from this lesson, and they are:

VALUE  
ACCOUNTABILITY  
TIME  
COMFORT  
FAMILY  
HAVE TO WANT TO  
SAFETY

"If you remember and follow this safety awareness philosophy everyday of your life, you will go home to your family at the end of each and every day."
